

Circular No. QCS/2024/100

Date: 10-07-24

Dear Parent

Greetings from Queen's Carmel School

We are pleased to announce that our unwavering commitment to providing exceptional facilities for our Students continues into another year. At QCS, we firmly believe that physical, social, and psychological well-being is just as important as academic and non-academic learning. With this in mind, we are delighted to extend our partnership with Health Set Go as our dedicated health service provider for another year.

Health Set Go offers a comprehensive 360-degree Health Care plan, ensuring every student receives thorough health assessments across various specialties, including **Physical & ENT, Dental, Growth and Eye**. This Health Care Plan also incorporates health education and awareness modules through the Change Makers Health Program. Additionally, Emotional Wellness Assessments will be conducted for Students in Grades VI and VIII once a year.

Parents will continue to enjoy the convenience of accessing their ward's health reports online via the user-friendly app My Health. The Health Set Go Health App provides additional benefits such as discounts at health providers (subject to availability) and access to health articles promoting awareness and a healthy lifestyle. Furthermore, every child will remain covered by Accidental Insurance up to Rs. 1 lac.

We sincerely appreciate your trust in the principles and forward-thinking vision of our school. We look forward to another year of fostering a collaborative and mutually beneficial partnership with our parent community.

Please note that details of the Insurance Policy and instructions for downloading the app will be provided by Health Set Go through an introductory email following this official school communication.

With Best Regards
