Circular No: QCS/2026/258

Dear Parents,

Subject: OGO Junior Genius (2026-27) – An Opportunity for Our Young Learners (Optional)

Learning becomes more exciting when children get an opportunity to think beyond the classroom, challenge themselves and showcase their abilities. At Queen's Carmel School, our **117** students from **Grades 1 to 10** have been enthusiastically participating in **SOF Olympiad** across subjects such as **English, Hindi, Mathematics, Science, Social Studies, Computer and General Knowledge (GK)**.

We are happy to announce that, **from this academic session, we are extending the Olympiad opportunity to our Kindergarten students as well.** We are introducing the **OGO – Orange Global Olympiad – Junior Genius** for the students of **Bal-Vatika 3 (UKG)**.

Why Should Kindergarten Students Participate in an Olympiad?

Olympiads at the kindergarten level provide children with an enjoyable opportunity to learn, explore and develop their thinking skills. Participation helps children to:

- Strengthen their basic concepts in English, Hindi and Mathematics.
- Develop logical thinking and reasoning skills through IQ-based questions.
- Improve observation, concentration and problem-solving abilities.
- Learn to apply their knowledge beyond regular classroom activities.
- Encourage curiosity, independent thinking and a love for learning.

Examination Details

- **Classes:** Bal-Vatika 3 (UKG).
