Subject: Important Notice Regarding Instrumental Music Classes

Dear Parents,

Greetings!

At Queen's Carmel School, we believe that meaningful musical learning is built through consistent practice, regular participation, and hands-on engagement with the chosen instrument. To ensure that students derive the intended learning outcomes from the **Instrumental Music program**, it is essential that they have access to the appropriate instrument both at home and during class.

Parents are therefore requested to ensure the following:

- **Piano/Keyboard:** Students who have opted for Piano must have a **synthesizer/keyboard at home** for regular practice and reinforcement of skills taught in class.
- **Guitar:** Students enrolled for Guitar must **bring their guitar regularly to every class**, as practical, hands-on practice is integral to their learning and progress.

Note:

- Students who do not have the required instrument for their opted instrumental music course will be shifted to Vocal Music.
- Parents who wish their ward to pursue Piano are requested to meet the Piano Teacher during the PTM and complete the requisite consent form.
- Students interested in appearing for the Trinity Music Certification Examination may meet the Piano Teacher during the PTM for guidance and further details.

We seek your cooperation in ensuring that students come prepared with the required instrument, thereby enabling **continuity, confidence and progressive development of their musical skills**.

Warm regards

Ms. Sandhya Kumaria
