

Infrastructure & Facilities

Queen's Carmel School offers a thoughtfully designed, future-ready campus that supports every dimension of a student's development—from foundational learning to senior secondary education. Each facility is purposefully curated to foster academic excellence, creativity, physical well-being, innovation and holistic growth in a safe, stimulating and inclusive environment.

Safe & Secure Campus

Student safety remains our foremost priority. The campus is equipped with comprehensive CCTV surveillance, controlled entry and exit points, and trained staff to ensure a secure and well-monitored school environment.

Smart & Inspiring Classrooms

Our spacious, well-ventilated classrooms feature smart technology and thoughtfully designed learning spaces that encourage active participation, collaborative learning and academic engagement, in keeping with the evolving needs of 21st-century education.

Centers of Learning & Innovation

Our specialized learning facilities provide opportunities for exploration, experimentation and experiential learning, enabling students to connect concepts with real-world applications.

- **Science Laboratories:** Dedicated Physics, Chemistry and Biology laboratories that promote scientific inquiry, experimentation and discovery.
- **Composite Laboratory:** An integrated learning space that encourages interdisciplinary exploration and hands-on engagement.
- **Skill Lab:** A practical learning environment that nurtures creativity, innovation, critical thinking and real-world problem-solving skills.
- **Mathematics, Language & Computer Laboratories:** Dedicated facilities that strengthen conceptual understanding, communication skills, logical reasoning and digital proficiency.
- **Library:** A well-stocked resource center that cultivates reading habits, independent learning, research skills and intellectual curiosity.

Performing & Visual Arts

Dedicated creative spaces provide students with opportunities to discover and develop their artistic potential. **Rhythm (Piano Lab), Exotica (Art Education Studio) and Expressions & Beats (Performing Arts Lab)** nurture musical appreciation, artistic expression and confidence through music, dance, drama and visual arts under expert guidance.

Sports, Fitness & Well-being

Our sports and wellness facilities encourage an active lifestyle, teamwork, discipline, resilience and sporting spirit.

- **Multipurpose Sports Court:** Facilitates a variety of sporting activities, training sessions and competitions.
- **Green Playground:** Provides an open, refreshing space for outdoor games, physical activity and recreation.

- **Skating Rink, Badminton Courts & Basketball Courts:** Support skill development, fitness and healthy competition.
- **Dedicated Taekwondo Room:** Promotes martial arts, self-defense awareness, physical strength, discipline and confidence.
- **Aerobics & Yoga Studio:** Encourages flexibility, mindfulness, balance and overall well-being.
- **Well-equipped Infirmary:** Provides essential first aid and prompt attention to students requiring medical care.

Early Years Activity Centers

Designed around the developmental needs of our youngest learners, our vibrant spaces make learning joyful, interactive and meaningful. The **Interdisciplinary Room, Reading Room, Play Station and Animal Park** stimulate curiosity, imagination, sensory exploration and foundational learning through engaging experiences.
